Will Succeed Mr. Gompers as President of Federation of Labor.

NEXT MEETING IN NEW YORK

The Denver Convention Chooses the Pres ident of United Mine Workers as Their Leader-Gompers Retires Happy and Will Remain Patriotic.

By the United Press.

Denver, Col., Dec. 17.—The first mat-ter to come before the Federation of Labor this morning was the selection of the place for headquarters, the convention having decided to remove the same from New York city. The cities of Washington, Brooklyn, Detroit and Indianapolis were placed in nomina-tion. Indianapolis was selected by a majority vote.

The convention then proceeded to the election of officers. The balloting resulted in the defeat of President Gompers and the election in his place of John McBride, the president of the United Mine Workers. The vote was: Gompers, 937; McBride, 1,162. Presi dent Gompers moved that McBride's election be made unanimous, but, a

delegate objecting, that vote failed. Mr. Gompers wired his successful competitor as follows: "John McBride, Columbus, O. Congratulations upon your election to the presidency of the federation. None will be more loyal than I to aid in making your administration successful. Samuel Gompers,

Vice presidents were elected as follows: First, P. J. McGuire, Philadelsecond, James Duncan, Baltimore; third, Roady Kenehan, Denver; fourth, T. J. Elderkin, Chicago. For secretary, A. McGraith, of Boston. John B. Lennan, of New York, was the unanimous choice of the convention for the office of treasurer.

Mr. Gompers, speaking of the election of McBride, said to the convention that he felt greatly relieved from a burden of enormous responsibility. The position as president had made him prema- Co., stock brokers, 412 Spruce street, turely old. He had stood for principle and had fought a hard fight. He thanked the delegates for their loyalty to the federa tion and parted from them with the best of wishes for a united effort in fa yor of the labor cause.

The opening was very irregular with the ten and Chicago Gas for 20,000 shares. The opening was very irregular with the tendency downward, because of the engagement of \$1,720,000 gold for export to Europe tomorrow. It was said at one time that \$2,200,000 gold had been withdrawn from the sub-treasury today, but officials after the close of the business gave the amount at \$2,000,000. Chicago Gas was especially weak and fell to \$3%. The rumors of reduction in the dividend and a bag floating debt were again revived and again denied. Sugar was heavy in the early dealings, falling to \$2%, but quickly railled to \$25,222%. The decline in the railway list was confined to the fractions. TO OUR PATRONS:

Washburn-Crosby Co, wish to assure their many patrons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three months to mature before grinding.

This careful attention to every detail of milling has placed Washburn-Crosby Co.'s flour far above other
